SINGLE FEASIBLE SOURCE PURCHASE POSTING NOTICE

The Missouri Department of Transportation has determined that only one source can provide the products or services described below

Title: Bending Beam Rheometer (BBR)
Bid Number: 7-040302

Description: The Missouri Department of Transportation is currently utilizing two (2) Cannon Bending Beam Rheometers. In order to continue the simultaneous operation of instruments in the lab, it is necessary to purchase a rheometer of the same brand as the two (2) currently being utilized. Purchasing an instrument of a different brand would result in a workload increase due to the differing modes of maintenance, calibration, and operating software required in order to maintain AASHTO accreditation. Additionally, the calibration equipment, sample molds, and various other support items would continue to function seamlessly with a Cannon brand replacement.

Contract Period: One time purchase

Renewal Options: None

Agency: Missouri Department of Transportation

Supplier: Cannon Instrument Company

Buyer: Rebecca Jackson

Phone Number: 573-526-7930

E-Mail: Rebecca.Jackson@modot.mo.gov

Posting Date: February 26, 2004

Response Date: March 8, 2004

Our mission is taking care of and improving Missouri's transportation system.
