

Community Briefing  
Rt. F Railroad Crossing  
Improvements Near Sleeper  
Laclede County

## Welcome!

The purpose of today's meeting is to help you learn more about the proposed project to improve the Route F crossing the BNSF Railroad in Sleeper.

The Missouri Department of Transportation project is to be constructed in conjunction with a BNSF Railroad project, and it consists of straightening Route F through the crossing. It also incorporates a realigning of Iowa Road, work along Igloo Road, and some American with Disabilities Act (ADA) improvements.

The BNSF Railroad project consists of replacing the current warning signals with automatic gates and cantilevered advanced warning signals.

You are attending an open-house community briefing. MoDOT employees are here to help you and explain various aspects of the proposed project.

As you move through the displays, please share your questions and comments with us. Your input is very important.

For more information, contact us toll free at 1-888-ASK-MODOT (275-6636) or visit us online at [www.modot.org/central](http://www.modot.org/central).

Thank you for your participation.
