

Hi, this is Sally Oxenhandler with your MoDOT Minute.

The first snowfall of the season brought MoDOT crews out in most areas of the state but the southern portions. Crews were kept busy clearing roads and treating them to keep them from freezing. When winter weather hits, remember to check out MoDOT's [Traveler Information Map at modot.org](#) for the latest travel conditions.

---

If you could talk to the President about transportation, what would you say? MoDOT, in conjunction with the American Association of State Highway and Transportation Officials, is inviting you to comment about transportation issues by visiting [ItoldThePresident.org](#). The comments will be presented to federal officials in January.

You have until Dec. 10 to submit a new brand name for the St. Louis to Kansas City Amtrak rail service. Entries can be submitted online at [morail.org](#). Already, more than 2,800 names have been entered in MoDOT and Amtrak's "Name the Train" contest.

That's been your MoDOT Minute. Remember to check back every Tuesday for new information.
