

SPECIAL NOTICE TO CONTRACTORS

In order to move towards more efficient means of communication, MoDOT has been taking steps towards increased electronic methods of doing business with contractors. Beginning October 1, 2003 all paper copies of MoDOT reports will be eliminated. All bid related documents will be available on MoDOT's Internet site located at www.MoDOT.org in the Business with MoDOT, Bid Opening Information area. MoDOT has requested that any contractor who plans to bid with MoDOT please furnish an e-mail address. There are two files shown below this title on our Website. One file shows prime contractor vendor numbers and names for which we have incorrect e-mail addresses. (When we try to send mail to the e-mail address it gets returned). The other file shows prime contractor vendor numbers and names for which we do not have email addresses.

If your name appears on either report please send MoDOT an e-mail address by using the [bidquestions](#) link on MoDOT's website or by mailing to: MoDOT, Attn: Operations – Mary Diemler, P.O. Box 270, Jefferson City, MO 65102.

MoDOT will be sending an e-mail notification on the date the monthly Notice of Bid Opening is available on our website beginning in May 2003.
