Avoid Backups with New Traffic Control Plan!

If you are familiar with dropping off or picking up students at the 7th & 8th Grade Center, you may have experienced backups in the past. Previously, cars turned off of Route Y onto N. West Street, and then waited for their students—causing backups onto Route Y during peak traffic times.

To save time and help create a safer pickup/drop off zone, a new traffic plan is now in place for the 7th & 8th Grade Center.

If you are picking up or dropping off students, please take Brushwick, turn right onto Thornwood Ave. and then head south on N. West Street. Parking will be available on N. West Street, as well as Thornwood Ave. When exiting, please take W. Lindenwood Ave and turn left at the four-way stop onto Brushwick to access Route Y/Salcedo Road.

BRUSHWICK → THORNWOOD AVE → N. WEST STREET

W. LINDENWOOD AVE → BRUSHWICK

Parking on Thornwood Ave and N. West Street Now Available!
